Explanation of Responses:

1. The reporting person sold general partnership interests ("GPI") to Ronald Port, her brother. The sales price of the GPI was based in part on the fair market value of the Common Stock. This sale did not result in a decrease in the number of shares reported in column 5 because the reporting person has elected to show the aggregate amount of Common Stock held in the limited partnerships. The reporting person together with Ronald Port are the managing general partners of family limited partnerships that own in the aggregate the reported securities. The reporting person disclaims beneficial ownership of the securities except to the extent of her economic interests in the securities.
